## OXFORD / UAB CONSTRUCTION

### A Construction Management and General Construction Team

**OXFORD / UAB CONSTRUCTION** - Design/Build Services: Involving Oxford / UAB Construction early in the project's design process allows us to better coordinate all of the trades and to account for most field conditions up-front, eliminating or reducing costly field condition change orders and delays in the project schedule. Oxford/UAB Construction's experience and leadership allows us to develop a strong team environment where the cooperation and communication among all team members is superior. The result is delivering a project completed on time, within budget and of the highest quality workmanship.

*We are committed to providing first class service, delivering both quality and excellence, on time and on budget !*

## OXFORD / UAB CONSTRUCTION

### A Construction Management and General Construction Team

**OXFORD / UAB CONSTRUCTION** - The foundation of the “Hands-On” project management philosophy of Oxford / UAB is the creation of a team atmosphere between the client, architect, consultants and contractors. By focusing all efforts on common goals, this true team effort separates the Oxford / UAB project from its competitors. The Oxford / UAB team will schedule, oversee and coordinate the project, from inception through closeout.

*We are committed to providing first class service, delivering both quality and excellence, on time and on budget !*
